Our Services

Security Consultancy

At West Atlantic Security & Travel Agency (WASTA), we go beyond traditional security services by offering expert security consultancy to businesses, governments, and high-net-worth individuals. Our team of seasoned professionals conducts in-depth risk assessments, system audits, and strategic security planning to safeguard your assets, people, and reputation.

Our Features:

Comprehensive Threat Analysis & Risk Assessment

We conduct on-site evaluations to detect weaknesses in:

- Physical Security (access points, perimeter defenses, surveillance gaps).
- Operational Protocols (emergency response, staff readiness).
- External Threats (crime trends, terrorism risks, civil unrest).

Security System Audits & Technology Integration

We audit your existing security systems and recommend cutting-edge upgrades, including:

- CCTV & AI Surveillance – Real-time anomaly detection.
- Access Control Systems – Biometric, RFID, or facial recognition.
- Cybersecurity Synergy – Protecting IoT-enabled security devices from hacking.

Staff Training & Capacity Building

Your personnel are your first line of defense. Our programs include:

- Crisis Response Drills (active shooter, fire, medical emergencies).
- De-escalation Techniques – Handling conflicts professionally.
- Security Tech Proficiency – Using bodycams, panic buttons, and drones.
